

Hawaii

25 Feb 85-

(George)

Dear Father,

I have yours about  
Hawaii bonds & enclose  
the receipts filled out  
for aunts, your convention.  
You might let me know  
if you receive them  
safely.

I note also what  
you say about the grain,

but think there must be  
 some mistake for S. Caninus  
 according to Macoun is  
 a common wild grass.

I have, however, found a  
 specimen of the grain I  
 brought, here, & Macoun  
 is going to look it up, &  
 if necessary send it  
 off to someone familiar  
 with such matters.

I also saw your letter  
 in yesterday's Herald which

may be useful &  
certainly states the  
case very plainly.

Reason is, however, the  
last thing the political  
wreckers attend to. It  
becomes with them merely  
a matter of interest &  
if Messrs Bell & Hunt  
can work up a sufficient  
backing they can get  
the government to do

4.  
What they please

Yours

George
