9 April 88-

My dear Foster,

Your's of yesterday  
has just arrived. Just  
what you say about City  
boards but scarcely think  
it worth while to print  
them for my part. I shall  
be very glad to have  
you Cheques for my  
acct. of my banking  
account.

The book of Heers you  
wish I have found as a

Separate pamphlet, &  
You send 3 part, together  
with a second little pamphlet,  
& the VII vol of Heus work.

If you know any other  
vols. of Flora For. Arch.

that would be of use I can  
send them also

Yours

George
