Dear Father,

After prolonged bother
I hope to get away this morning
with a nice little schooner of
32 tons named the Carolina.
Will write again from Crest
in a day or two. As per my
understand I am now in
great haste.

The weather arrived all right
& very opportunely as I have
not been surveying long yet, & should
have had to wait here I don't
know how long. Would you
kindly have telegraphed over to my

2 George

Credit \$400 wire to West
any cheques I may draw
within the next few weeks, after
which Selwyn funds will be
available.

With kind regards
Yours

George

P.S. Dr Selwyn writes that
the copies of Canadian
Chapters of R. guides have been
sent to Ottawa. I am writing
to him to send them to you
& copies might be distributed
to a few people who are interested.
