

GEOLOGICAL & NATURAL HISTORY SURVEY.
Alfred R. C. Selwyn L.L.D., F.R.S., Director.
MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

12 July 1886

My dear Father,

I send enclosed what may perhaps
serve as an abstract of my proposed paper
for the B. Assn. on the Rocky Mountains.
It might however, better be called a preface
than an abstract. I will endeavor to get
the paper ready in time but all depends
on progress of my work which I am now
trying to push on. The weather is very
fine & cool again, rather too cool for
mid summer. Very truly yours & so forth
so far as I know both with William
& family & at Vets.

Yours,

George
Love to William & Eva if you are writing each of
them
