Dearest Father.

Mother desires me to thank you  
for your letter & I also enclose two  
letters that came here for you.

Mother has also received a note from  
Mr P. Redpath asking us to visit them  
again at Chislehurst. I think that  
this wd be very pleasant if it is  
quite convenient for them but perhaps  
we cd go there later.

If you have not got lodgings already  
at Sydenham Mother thinks that it  
wd be worth while requiring about

Caru 9th/86

the place we heard of at Leicchenham.  
Lydenham, we hear, is not a pretty place.  
The Crows are quite glad to have me with  
them a little longer so I wd remain  
here if I like & perhaps if you decide to  
remain near London, I wd arrange to  
stay here for another week - Mother  
of course intends to leave on Monday -  
Mother also says that she thinks that  
it wd be well for you to send a note  
to Mrs Carpenter 56 Regent's Park Road -  
telling her of your arrival for she wants  
to see you as soon as possible.

Please excuse a hasty note -  
Hoping to hear fr you when you have  
decided upon your plans -  
with love fr Eve
