Wollean

We intend returning
to town on the 15th Sept.

Dear Father,

A line of acknowledgement
in reply to yours of the 12th.
This will probably find you at
Birmingham, & I presume that
Friday's mail will still be in
time to reach you before you leave.
We were at a children's entertain-
ment at Sakhlo on Tuesday last
evening, which has not left me
much time for writing; but I
will hope to write once again.
I forwarded your letter to George; I
fear he will not take a holiday
at all. You did not say whether
Karlina was going to Australia or
China.

We are all well, and send our
love. Your affectionate son William.
