

GEOLOGICAL & NATURAL HISTORY SURVEY.

Alfred R. C. Selwyn LL.D., F.R.S., Director.

MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

27 September 1886

My dear Father,

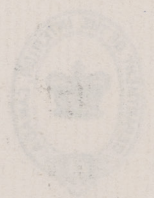

Arrived here safely at 12.30.
Mr Scoble is today unfortunately away, but
I hope to be able to meet him the ~~drawing~~
tomorrow. Enclosed is the letter & copy of
I see it is not from the President of Sect. E. but
from the Secretary. The matter is probably
not requiring further notice, & is equally
satisfactory to me as it is.

The new wood is from a station named
Salsgirth, 135 feet from surface, in a
well.

Mr Veller tells me that he wishes to your
care in wanted copy of the map paper with
specimens on your address & the earthquake.
If it reaches please keep it

Yours
George
