My dear Foster,

If possible I will for dear I warrant
tomorrow evening. If not too much trouble could
you obtain from Library for my inspection on
Sunday Parry's first voyage (not the voyage of
1821-23, also any published account of Collinson's
voyage or of those of Dease & Simpson, or anything
of Dr Rae besides his volume about expedition of
1846-47. The above mentioned are not in
our library here & probably not in warrant with
the exception of Parry's first voyage which I have
seen there.

If it is any particular trouble do not mind
as quite probably some of the books are in the
Parliamentary library, which I have not searched
yet, but intend to look into

Yours
George
