

Mrs S. is going to ask Miss  
Freeman of Wellesley College  
to meet us here on Thursday

Mamma  
Gus/gy

W. Gill College.

Dear Mr William

I hope that your lecture  
last night was a most successful  
one. I was thinking of you & praying  
that what you said out here made  
a blessing to many. Yesterday we went  
in the morn. to the Church Mr Gray attended  
& in the afternoon the Campbells called  
& we drove out to their house & had  
afternoon tea & back again early, so  
it had as little a disturbing effect

upon one's Sunday quiet as my  
 new departure I have had. Lately  
 Mr. Gray has asked some young girl  
 in to see Eva & we are to dine  
 with the Campbells. Tomorrow is  
 yet blank, but Wednesday Mr. S. wishes  
 you to come out here, early in the  
 forenoon & go to see the College buildings  
 & take lunch with them. & in the afternoon  
 we will drive in with you to Boston  
 taking a Carriage from here at what-  
 ever hour suits us. There is a Car that  
 runs half hourly to this part of Cambridge.  
 This street is called Garden street but  
 if I can find it or Mrs. S. <sup>will have the room</sup> before passing  
 this I will ask further particulars before

mailing this. On Thursday afternoon  
 the Grays are giving an afternoon tea  
 to which they are asking College folks  
 to meet you & we have pledged our-  
 selves that you & we will return  
 here for that afternoon. Mr Gray  
 will go back to Boston with us if  
 we can promise to give him tea  
 at the Brunswick instead of dinner,  
 as he cannot take dinner on the "Start-  
 ing" he goes to the Scientific Club mg. & he  
 as a supper is always given. I suppose you  
 & he have already arranged  
 to go together to the said Scientific.

club on Thursday eve. I hope all this  
will suit you.

To get the Car here you can either  
take a Car wh. passes the Brounswick  
& is marked Providence Station, where  
you change & take one marked  
Harvard Square. as the distance is  
short, walk to Providence Station. then  
at this end, having arrived at Harvard  
Square, look out for a man labelled  
the "starter" & ask for a ticket to Garden St.  
& he will show you the Car that brings  
you quite near to this house.

With all love & good wishes from

your affectionate wife

Margaret
