

Dear Papa.

Mother desires me to
enclose this letter from Miss Mercer
to you which you need only read
for I have already answered
it. We are all getting on here
very well & so far have found
no wants but those spoken
of by Mother - The tools are all
here & in good order.

The witnesses has been coming
regularly to us & we have
also got numerous papers
from you. Mother desires
me to thank you for all your
letters. You must understand
that no news from us means
good news.

This is the first day since
our arrival that it has
rained. Everything is
very dry & we are glad to

get some water.

As to Ellen you will find
that she grumbles at
everything & it makes little
difference whether she has
cause or not. Indeed I
think she rather enjoys
having a grievance -

Please excuse haste,
with love -
Eva.
