

Sat 2 evening.

I have since rec^d your letters, + have found the chapter you ask for (VII) which I will mail as soon as possible. I am to go to Lashine on Monday to take some levels on the Bridge, but will post it Tuesday; and I will also inquire prices of boats + let you know. I am sorry to hear of the wreck.

We are all well; and the weather has been cooler this week.

With love to all

Your affectionate son,

William.
