My dear Father,

I mailed to you
yesterday two copies of
my paper on the Kwakiwut
of Vancouver Island. I
have a number of extra
copies & will distribute
them to correspondents likely
to be interested as soon as
I can find time.

I hear that Dr Bell has
just left town for a few
days & it occurs to
me as quite possible that

he has taken his route
 & Montreal for the purpose
 of embarrassing the situation
 in the Prof. Messy matter
 if trouble should arise
 on it. This of course
 is mere conjecture on my
 part.

I hope in a few days to
 get the accumulations cleared
 off & get to work on my
 report of last summer

Yours
 G. G. G.
