My dear Father,

We have got back here to
a bit of a run on Railway after a trip
considerably longer than I had intended,
but the County opens out as you see in
in such a way that it seems always a
profit to take advantage of opportunities.
I have telegraphed to Kauloops for mail,
and hope to get it in the morning, meanwhile
I write just to say that I am well & am
likely soon to close up work for the season.
The weather is still remarkably fine
& mild, but I have so much to do
about last years work etc in Ottawa,
that I must think of getting back.
A week or so should see me back in

Rawlrops, where after clearing up
 some little pieces of work in the
 vicinity, I at present hope to disband.
 I think I shall go to Victoria before
 starting for the East, but should be able
 to be in Ottawa possibly abt. first
 of next month.

With love to all

Yours

Guyton
