My dear Father,

I am sorry to know of your  
wound this morning but you are so much  
driven by work, but can only hope that you will  
try to let some of it slide may be the least  
important, slip. I think your plan of spending  
a little time in Toronto is a good one but  
please do not promise to give any addresses  
or instructions there as you will doubtless  
be called to do. If possible try to spend two  
days here for we will scarcely suffice even  
to look at things in museum. I must try  
to get to Montreal a few days before Christmas.  
I return Toronto with Dr. Rae's letter. I fear the  
& Prof. Hume have been put to some  
trouble in the matter, but feel very pleased by

In kind allusion to my witness  
before Workmen Committee.

Please tell Walter I have his letter &  
will try to attend to his instructions

Yours

Henry
