My dear Foster,

I am sending down today
by express, prepaid, a box containing
our Mr. Cornell's Washington River plants
& the Tertiary (Miocene?) plants
collected by myself in B.C. last summer.
I have addressed the box to you at
the Museum, where it may lie till
you have time to deal with it.
I trust you are all well & enjoying
the better weather we are now having.

Yours

Selwyn
