My dear Foster,

I have to thank you
for your reply & my
Cribucens paintings.
You will remember your
request about a copy of
Wetters. I told you the
only thing I can get is the
chart on which Wetters bay
is about this size, 
I did not clearly understand
from you whether such a plan
would be any use. I could
get it enlarged, but it would
then not be very exact.
You might let me know at

I am Anne and this

Yours

Georg
