My dear Doctor,

I am sending this evening  
copy of my report on Mineral Wealth of B.C.  
I have a letter from Prof. J. J. Stevenson of  
New York, in which among other things  
he expresses the hope that you will be  
able to read a paper before the Am. Geol.  
Soc. in Toronto, in person, at the forthcoming  
meeting. I do not know what you think  
about this but from what he says I feel sure  
that he would be very pleased to be able to  
make some announcement of such a paper.

Yours very truly  
George
