

GEOLOGICAL SURVEY DEPARTMENT.

Alfred R. C. Selwyn, C. M. S., L. L. D., F. R. S.,

DEPUTY HEAD AND DIRECTOR,
MUSEUM AND OFFICE, SUSSEX STREET, OTTAWA.

November 28 1890

My dear Father,

I have just two notes of 26 & 27
 respectively today, one enclosing rough copy
 of Forrell's report, which I shall attend to in
 the course of a day or two - I suppose that you
 are in too busy about it, since writing you
 about R.S. Council I then found a complete list of
 the new Council in last Notre. I then also
 found among my papers what appears to be a
 complete list of my professors, & will attend to them.
 I shall send Benney a couple of the pamphlets
tomorrow & will write to him that I am also
 sending to members of Council etc. It might be
 well, however, if you could drop him a note to
 say that a review had already appeared in
 order that he may not take the trouble of writing
 one, which had previously done in answer to
 your request. He may not have observed the
 notice in Notre.
 I am sending you two copies of the pamphlet

this evening.

Am very sorry to hear from your note
of mother's illness, please say to her that I
hope she will take care of herself & let
household matters go wrong for a while

Yours

Ernest
