DEPUTY HEAD AND DIRECTOR.

MUSEUM AND OFFICES, SUSSEX STREET, OTTAWA.

Oct. 27 1893

My dear Father,

I am sending by express two fossil leaves from Cape Vancouver, Behring Sea. I collected there there but could find no more. They belong I suppose to the regular Alaska Miocene, but as one of them appears to be determinable, you may be able to say. It is possible that I may jot down some scattered geol. notes on the region.

I do not think of going to work for the opening of the new library as it would work too big a hole in my time at present. Please take care not to over exert yourself on the occasion. I think that a very brief appearance there on your part would satisfy all requirements

Yours
George

The specimens
may not reach
you till Monday

BIOLOGICAL SURVEY OF CANADA

DEPUTY HEAD AND DIRECTOR
MUSEUM AND GARDEN, BERRY BUILDING, OTTAWA

Oct. 27 1933

Dear Sir,
I have been very much interested in the
report of the expedition to the
Cape Vancouver, and I am
glad to hear that you have
found some new species.
I am sure that the
specimens you have
collected will be
of great value to
the scientific world.
I hope you will
be able to send
me some of the
specimens you
have collected.
I am very much
interested in
the results of
your expedition.
I am sure that
you will find
many new
species.
I am very much
interested in
the results of
your expedition.
I am sure that
you will find
many new
species.
