July 195 - July 27. 95  
Ottawa

My dear Father,

I am sending  
you the July number  
of the American freepit  
thinking that you may  
like to see what someone  
W. H. Winchell is  
writing about the  
Harsonian, still. I  
don't know what should  
be done to counteract  
this, but it makes a

lot of unnecessary  
Confusion.

You might return me  
the number when you  
have done with it.

Weather here today  
quite cold & very wet  
- not at all the sort  
of thing for midsummer.

Yours  
George
