My dear Foster,

Florence telephoned
this morning to say that
William will go down to
visit you tomorrow. I
was very glad to hear
this as I feel that we
have been rather negligent
in calls of late, & shall
hope to get down again
myself before long

Enclosed are receipts
 for your subscription &
 Harrington to the
 Geographical Society
 which I promised to
 attend to. Don't
 think of sending a
 certificate, we can
 arrange about it next
 time I am down.
 I trust that you are
 keeping moderately well.

a Comfortable & hot sun
the days are growing longer
& brighter the change way
Help you.

Yours

George
