Dearest William

I have had so many letters from home that I feel at a loss to whom I should address any reply, but as I can depend upon your thanking Lou & Rankin for their kindness <sup>that you</sup> will also be wiser to overlook if I send only a very short note. I have chosen to pencil this scrap to you, for altho' quite at leisure, <sup>proceeding</sup> enough, I am fully occupied -

The weather as a whole  
has been fine but not cold,  
Sunday was thick fog & rain in  
the morn'g clearing off & becoming fine  
in the ev'g - today has been in  
the same way & Dr. W. thinking  
likely <sup>may</sup> turn clear later. My time is  
passing very pleasantly - yesterday  
Mr. W. & I visited the Boys' Home  
in the morn'g - in the afternoon returned  
visits & in the ev'g - Jannie went  
to the B. Club's - Dr. W. to deliver a  
lecture & Mrs. W. to be Church party  
of welcome, to a young Mr. Baldwin,  
who has just been appointed to a  
charge here - I propose to remain

at home with Mrs. Mackay.  
 Loving me proposes to go to  
 see the Hospital.

In regard to my return I  
 think I shall prefer to go by the  
 day train. I look upon the journey  
 as an ~~adventurous~~ <sup>enjoyment</sup>  
 not to be lost without good  
 reason. but I shall ~~be~~  
 unhappy by any preference. I wish  
 may know if she returns with  
 me - I say if because she ~~is~~  
 she has a little cold & some  
 doubts as to the wisdom of ~~travelling~~  
 her riding over. Colic temperature  
 are being started. I am watching

going to redeem all my gold  
pieces for "beaver" Commemorative

Thanks for the search letters  
forwarded. They contain "Circles"  
for Rankin E. Co.

The Wilsons are at great expense  
for Cuba on my account. I shall  
feel bound to send something  
home soon when I return.

With unforgotten love to all  
my dear household.
