Plaster Can Any!

Dearest Margaret

I reached this  
place yesterday evening.  
To day I visit schools  
and hold a meeting in  
the evening. To morrow  
morning earl I start for  
Dubuque, and if I  
can get there early in  
the afternoon I shall  
try to be home or at  
least in New Glasgow.

on Saturday evening. Last  
I should not get home,  
I write now, for the  
mail which will arrive  
on Saturday evening.

There being only one  
mail in the week from  
Marguire I could not  
write by last mail. I  
did not know this till  
after my letter was sent  
from Port Hardy, as I  
should have learned

You that you might not  
feel uneasy.

My father sent a  
parcel and letter to Port  
Hart last week, which  
reached there in 9 hours  
by a vessel, and gave  
me very late news.

I need not write  
more as it is not un-  
likely that I may reach  
you as soon a week as  
soon as my letter. Give  
my love to Mother & Father  
Your loving husband  
William
