My dear Mrs Norton

You must have thought  
me very impatient, but  
I really did not feel  
sure that you intended the  
book of Canadian Flowers  
as a present for me or  
if you merely meant me  
to look over it. But

by have written in its  
deeds it - I do not  
wonder that you feel so  
kindly thinking of me.

The flowers recall many  
old friends. I shall  
soon see you some  
day before long though  
I know I can have but

shall cheer of finding  
you at home, but I shall  
try. I only wish you were  
nearer that I might be  
of some use to you

With kind regards

My sincerely yours

Henry E. Lyell
