Dearest Mamma - This will
no doubt reach you just
before you land England
we have just come in from
a long day on the rocks we
went about two miles past
the wharf & it is pretty hard
scrubbling, we left at 10 took
lunch with us, & now it is
5 P. M. - tea waiting & only a
few minutes before the boat
leaves -

I had a letter from Mrs
Stuart - & she wishes to
pay us a visit - early in
September, I can assure I
don't know what put it into
her, she said you asked
her of course I had to write
saying we would be glad to
have her etc, but it is rather
inconvenient to have her
about the time

arrival, however I suppose
it cannot be helped I suppose
I do hope you are
quite well & will not
suffer from the sea voyage
We intend to leave
here about the 28th & will
have everything settled before
your return

It is barely
worth while saying anything
more we will, I trust meet
so soon

As with very much
love for my own dearest
Mamma I will close
I remain
Kind regards to the
I remain

Your loving
Anne
