

Paris, Feb 18th / 46.

Dear Mr Dawson

I received your kind letter & the interesting reports, & I am glad to learn that the book I have so long ~~desired~~ wished to take up, is at present, not enjoyed by others. When I was in the vicinity of the Jail, I have passed it without a desire to be of some use to its neglected inmates, & made an effort to do so in a small but unsuccessful way; & I should now like to

to combine visits to the
Jail with visits to the
Hospital, which it
seems to me could be
arranged for alternate
days. As you have kindly
promised to assist in
procuring a Bible Reader
or Superintendent, please
let me know if such
can be obtained, &
at what date the
journals will commence
his work, and I will
forward by you the
requisite sum

I had not contemplated
the meeting a room,
indeed, I did not
know that it was
connected with a
Biblewomen's work.

Perhaps at some future
time it could be added.

With thanks for your
tender words of sympathy

Yours very sincerely
M. E. W. Papineau
