

Samuel  
Friday 29 77

Dear Mr. Lawton

It made me so glad  
a few days since, to receive  
in the Witness a reminder  
concerning the claims of the  
Bible women's Effort - Perhaps  
I doubt not it right, but it  
had the effect of constraining  
me to send an additional  
\$10 especially for the temporal

wants of the Poor -

also, Lady Gall sends \$10  
and also our two Sisters.

Mrs Hill Louann \$10 -

One feels truly glad to refresh  
your courage with this little  
extra help - at this time of  
pressure -

Very much I have wished to see  
you, but to do, has just been  
impossible. Mr G. Louann

is the commanding claim  
at present - I am hurrying  
my letters to get away to  
him soon now -

He would surely grieve more  
his death - possibly though, not  
for some days -

As yet I have not seen so much  
much as you would suppose  
of my new sister-in-law  
more in the morning at all.

and I am often gone out  
before she appears -

It is all very strange indeed -  
but she is peculiar and kind  
and does not interfere in  
the smallest degree with me  
so I ought to be thankful.

We visit, Lucy Galt + Dr. Green  
Chap all the more to each other.  
This is curious now.

Affectionately yours dear  
H. a. F.
