My dear mother,

Do you think  
it would be advisable or  
necessary to provide gifts of  
any sort for the people in  
Scotland if I go there?  
Also how are the shirts which  
were repaired to be paid for?  
I fancy you must have more  
news at Wexley than we here.  
Folly is going on but routine  
& low in the newspapers there  
is no news. If you want  
anything at Wexley let us know &

it will be a pleasure to get 2  
Send it. I believe an unred  
letter with a postmark here in  
a few months. Letter in the  
post mark is excellent itself  
in comparison with letters in  
Montreal

Your affectionate son  
George
