Dear Mother,

We are still
somewhat - in chaos, but have
the sitting room in tolerable
order. We barricaded the
Major's keys & by means of
them have opened all the
doors - Bernard thinks he
took the right - keys to you &
the two others was they had been
not & if you remember we
were very particular in
locking everything as we fear-
ed they had been muddled
with. - Nearly all the little
trees that have been planted
on either side of the fence
are doing well, especially
the sumachs -

parrots, but will make a list

farrago one - & I don't know
that we will take it - Egg
