Hampstead, N.W.

June 22.

Dear Lady Dawson

Can you tell me  
when Mr William will be  
to England - I have received  
private information that  
the University of Cambridge  
will be offer him an  
Honorary Degree and  
some will be conferred

on July 9<sup>th</sup> but I fear  
that there is no chance  
of his being here so soon -

I am very glad that  
my old university does  
itself honour by paying  
a compliment to w.

distinguished a fellow  
countryman on the other  
side of the Atlantic -

Please regard the information  
at present as confidential

only for yourself and her  
Milkman (and of course  
Miss Darwin)

I was in Manchester for  
a few days last week  
but it was impossible  
for me to come and  
call as I was laid  
down all day.

Very sincerely yours

J. G. Bonney

My wife joins in compliments  
also - kind remembrance to  
your Mother -
