Oliver 19. Cap  
1892

My dear Mother,

I find that I  
am definitely billed  
to sail from New York  
for England on the 27th,  
by the Majestic. My plan  
is to spend a day or so  
in Montreal, see route, leaving  
Montreal Monday or Tuesday  
of next week - I have not  
ascertained yet which train  
I shall have to take to  
make connection. Thus I  
hope to see Eva before going

The business in favor should  
 be done was than a week or  
 ten days in London, &  
 when completed my plan  
 is to return at once,  
 thus probably arriving here  
 again pretty early in June.

The prospect is satisfactory, &  
 I have a good deal to look  
 after before I leave, but  
 will write or telegraph  
 again when I can  
 fix plans for Montreal

Yours  
 Sarge.
