REF. 46

Sept. 29. 92

My dear mother,

Yesterday I received
a note from Anna which
was the first intimation
of Father's illness, a today
a telegram, but I have
no details. Though very
busy here, I am ready to
go down at any time if
I can be of the slightest
use, & I trust that you

will not fail to let me know,
 Also that you will not use
 any account overtax your
 own strength. I shall
 wait reports tomorrow
 anxiously & am writing to
 Anna to ask her to telegraph
 again

Yours

George
