Dear Lady Dawson

For your kind note
please accept my best thanks.

I am very glad indeed to know
from you that Mr. William
is progressing so favourably
and earnestly, but he may soon
never have passed through the
ailments which he has had his
restoration to full health &

Miscellaneous

inquiries during J. W. D.
attack of Intermittent

Strength may be rapid.
I was also greatly pleased to
hear at your house this
morning that your own
health is much improved.

For your kind enquiries about
my own health I am much
obliged. The feverish cold which
bothered me for some days is
I hope passing away.

With kind regards

Yours sincerely
Donald Smith
