Dear Lady Dawson,

It is indeed cause for  
rejoicing to all of us that  
Sir William is progressing  
so favourably towards a  
recovery which I earnestly  
trust may be speedy and  
complete. I intended leaving  
for Montreal this morning, but  
have to delay my departure

for a day or two  
With best regards for  
Sir W. Dean & yourself  
and hoping you are now  
quite strong again

I Believe me  
Sincerely yours  
Donal W. Smith
