My dear Walter,

I sent the
walrus tusks about which
I spoke, to you the other day
& hope that you have received
them all right. They are
small ones of no particular
value but may be of interest
in your collection.

I hope that you may have
got over your attack of
indigestion & are getting
along now comfortably. William
& I have seen one since his

Return & he does not
 seem to have suffered from
 his exposure down at
 Father Point. I suppose he
 is very busy, but have no
 chance to speak to him
 about his work. I have
 been busy, but only with
 papers & office work &
 have nothing of particular
 or any interest to report

Yours
 G. W. G.
