March 27. 95-

My dear Mother,

Yours of Tuesday
reached me today & I am
glad to know that Anna &
B. have at last got off. I hope
I am sure that they will have
a pleasant & restful trip. You
do not say anything of the
children, but I suppose that
they must be well again, or
nearly so or Anna would
scarcely have been willing to
go away. I am somewhat

anxious about what you say
 regarding father's little attack
 & do hope that he will be
 careful to avoid being led
 into public speaking & other
 exertions which he is not
 called upon to undertake.

Both he & you I think should
 devote attention only to your
 own health & comfort & let
 the general world look after
 itself. I shall make an
 effort to get down on
 Saturday, but do not yet know
 whether I shall be able to
 manage it or not.

Yours
 Geo. H.
