

Feb. 23. 97

My dear Mother,

I found it
difficult to get away
last Saturday or should
I have run down to Montreal,
but look forward to paying
you a visit at the end of
this week. Hope that
everything is going well, or
as well as could be expected
& that Father has fully
recovered from his late attack.

2

I am sending him
copy of the Weekly Lewis,
in which, (p. 99) he
will find something
about the Pearl Noubatas
which will interest him.

Everything here goes on
much as usual, but it
is pleasant at least to see
the days growing longer
towards Spring.

Yours
Frederic
