My dear Louise  
 Your kind letter of  
 August 12<sup>th</sup> duly received you see  
 I have been unable to begin the  
 winter without a few weeks here & also  
 a few among my friends in <sup>later on</sup> "Edwin"  
 Marguerite & Ethel have been at the  
 Parkburgh Hotel for three weeks & they  
 only left this morning for London  
 both feeling decidedly better for their  
 change here. The friend who took  
 the house with me had two nephews  
 from London with her & the older  
 one aged 14 caught cold & has been

rather seriously ill & has in some  
massive manner our holiday. but  
he is not meaning to be here  
be able to be up tomorrow. but I  
have been so thankful I am with her  
to do the housekeeping & take out the  
younger boy about eight years old  
such a dear obedient little fellow  
we hope to be here till the end of  
the month unless the weather gets too  
cold for our inland part it was his  
chest accompanied by bronchial asthma  
a thing he has never had before. You  
will be back from Paris before this  
reaches you & I hope have enjoyed your  
trip from the familiar China. Now  
before I forget would you kindly

See me all the jubilee stamps you can  
possibly procure for my niece & nephews  
here, Alice especially asked me to get  
Reep <sup>per-hon</sup> ~~them~~ perhaps William & George  
might have a few also. About the  
photo if you find that the photographs  
were sent <sup>it</sup> off, there is entitled to  
fulfil your order & send off a copy  
of the large ones, you said you had  
only the small ones left. I am  
sure if he addressed it properly it  
would have <sup>come</sup> all right. So you are  
not to let him put you off. But see  
that he executes your original order  
& I will send a card tomorrow to send  
I am quite surprised at y<sup>r</sup> thinking  
for one moment that I would take a

bicycle. I do not approve of my sit-  
on them at all. I am truly glad to be  
quite out of the fashion in this respect  
it quite pains <sup>me</sup> to see the ladies on them  
in London. I fear in many cases as  
small a thing as that has come between  
their soul & Christ as you remark it  
is an awful age of rush. Oh! The  
number of fatal accidents is sad to  
think of. & it will be very <sup>mem</sup>orable  
if all were prepared for such a sudden  
call. I fear trouble for the <sup>her</sup> <sup>after</sup> <sup>the</sup> receipt  
as they fly past on them Sunday not  
expected prayer. My bell goes up continually  
for the impatient riders. Hope you all  
have derived much benefit from your day  
at Malin. Please send me Williams address  
when you next write if ever more for the  
present. I wish much love to you both  
Ever your loving niece
