Dear Lady Dawson.

That you should, in the midst of your own sorrow, have taken thought of me, has touched me greatly. I had just heard the sad news from Dr. Peterson at the Church door, being prepared for it by Dr. Barclay's allusion in the prayer to the removal of one who had so long been a leader in educational and religious movements in the city, and offering thanks for all the good he had accomplished

and the example of his life.

He has entered upon his reward,  
the Sabbath of rest - the new life  
with Christ, and we cannot  
grieve for him, but for you  
and his other dear ones who  
can no longer have him near  
to minister to and care for.

May He who giveth peace to  
His beloved, sustain you with  
His love. We share your grief.

I have lost a true friend,  
as many another must feel  
at this moment.

With loving sympathy.

ever yours sincerely
