

Mr. Hunter
a

Shrewsbury 22.nd November 1849.

My dear Lady Dawson.

Will you allow me as would
friend and great admirer of
Sir William. to sympathize with
you in your bereavement. I always

felt more than a common interest
in him as a Man devoted to the
Public welfare and ready to
witness every effort made by others
in the great Cause of Public
Education both Civil and Religious
which

which he himself had to endure
at length. When he felt
obliged to retire from the Protestant
Committee of the Council, &
Public Instruction his loss was
strongly felt, and to my mind
has never been replaced -

I hope you will bear up
and that you may, in the circle
of your family have some years
of happiness and comfort.

Very truly and sincerely yours.

R. M. Hunter
