

Ottawa ^{Camp}
Dec. 6-99

My dear Mother,

Your letter of
yesterday received. I
certainly intend & shall try
to get to Montreal next
Saturday afternoon, when
there may be some points
in which I can help you.

As for press clipping
agencies - I remembered
one of them to get some
cuttings, but find it as

On previous occasions
 unsatisfactory. Much repetition
 & little of any real use.
 I will bring down what I
 have got with me & show
 it to you. There was a
 good notice in Nature of
 Nov. 23rd, the last number.

Yours
 George.
