Ottawa. Nov. 28

My dear Foster,

I have a note
from Anna in which she
mentions the printing of
booklet again. I think it
had better be done in Montreal
where it can be better done,
but I shall be glad to read
a proof, & will also try to
think what might constitute
a fitting introduction.
This I will endeavour to

and also in direction of 6
 see tomorrow, for comparison
 with what the way has drawn
 out for suggestion.

I have had a number of
 letters of confidence from
 people of various kinds, some
 of which I want show you
 when next I go to Montreal!

The memorandum for
 list of property I sent you
 on Monday & trust that
 you have safely received. Do
 not fail to let me know if

I can be of any further service
in settling up affairs.

Try to look after your own health &
do not attempt to make alterations
or arrangements unless they may be
absolutely necessary.

Yours
Jeaff,
