Lady Dawson

Dear Madam.

The Quebec Provincial
Woman's Christian Temperance Union,
representing over two thousand
members, desire to add their tribute
of respect and sympathy to those
you have already received.

They can never forget how much
the Cause is indebted to Sir William
Dawson for his noble and consistent
advocacy of the Temperance Reform
and especially for his book
on the "Testimony of the Scriptures"
respecting Wine and Strong Drink.

Yours sincerely
Elizabeth A. McLachlan
