THE MAPLES,
EGERTON PARK,
ROCK FERRY.

May. 23^d - 1902

Dearest Mother,

Many thanks
for letters to Eva & myself -
do not burden yourself
with double letters, while
we are together - The horse-
chestnuts are just slowly
coming into flower, & the
weather is only fine, because
not raining, however having
waited two days to set off on
the Welsh drive - in Mrs A.'s
carriage which has to go down.
we are really off now. Her
luggage went yesterday
with the children including
my writing materials -
How wd you like "Maple Land"
for the house, suggesting, land

of the people -

I do hope the weather
will afford at least gleams
of sunshine, as this Welsh
drive so exactly suits my
idea of tree pleasure, & we
Eva, family & self are to be
Mrs A's guests at Iscull
for two weeks - I do not know
whether from now, or when
we arrive, & we have certainly
last 2 days by bad weather
then back here, & on to Edinburg
early in June.

Eva has not been
able to write preparations
on & off owing to uncertainty &
uncertainty going also for their
holiday -
Lovingly
Anne
