

travelling alone. — We have
all been anxious about the
troubles in Montreal. I hope
the small pox may be put
down before winter. — Providence
gave me a reading of Coa's letter
wh: was most interesting. — it
was very good of her to write —
you was most agreeably sur-
prised — home letters are cer-
tainly a treat. whether from
family or friends. —

I am glad to hear you are
all well. — I suppose Dr. George
will soon be coming home now
you must have been anxious
about him at the time of the
Indian business. —

We are looking forward
with much pleasure to see

ing you. when Sir William
comes over to the British
Association. I hope you
will enjoy it - I am sure it
will be much pleasanter to
be the guest of the B.A. than
their hostess! as you were
in Montreal. —

Please give my best love
to Eva & Mrs. Harrington.
I think Eva's friend Miss
son went out with Graham
in the Gardinian. —

Mr. Greenshield sends
you his kindest remembrance
Believe me dear Lady Dawson
ever yours affectly

Isabella B. Greenshield

P.S. Don't forget my message
to Sir William
