

besides I want to see the river  
 I shoot the rapids - Next week  
 will be very busy as I have to  
 spend two days at the Mo King's  
 one of which I will arrange to be  
 a drawing day & a day at the  
 falls - Last evening we went  
 to a croquet party at our camp.  
 Mrs the father of the Rev John  
 the Kiepattis were there I was  
 enraptured with their stay at  
 the falls - Eleanor & Jamie like  
 each other very much which is  
 a great satisfaction to me -

Tonight Goldwin Smith & Dr  
 Baldwin and mine here - I sent  
 paper's note to him by post -  
 Mr Middlemore is still detained  
 in London & if he does not return  
 in a day or two I will not  
 give him paper's note, as we

copy books & devote himself to  
improving his handwriting.

I feel sorry to leave home  
but I have more often felt  
a little bit home sick this  
time than I ever did before  
& shall I only wish we were  
going to stay at home instead  
of flying off to the sea-side. It  
has been quite cool up here in  
1 day in the heat - but it is really  
chilly today - I have left you  
and me have been everlastingly  
I don't know what we shall have  
done without Miss.

Mrs W. has written to ask me  
to say decidedly what her summer  
arrangements are & wish them wish  
to you - I don't be surprised if you  
don't hear for some days. I shall have an
