My dear Mr. Dawson

By the mail last
week I received safely of
packages, but as I was
away at the time I have
not been able sooner to
acknowledge them - &
now I hardly know
whether to say it is too
bad or too good of you
taking so much trouble
in preparing &c. the
beautiful ferns for me
I can however give you
my many thanks for

the kind thought &
assure you they are
much appreciated here.
I cannot tell you how
many remarks were
made upon the former
set you gave me which
I had left we left London
in August & these fresh
ones now come to take
their place altho' I
shall not long enjoy
them, for Mrs. Pease &
I are returning to
Canada, if all is well,
on Nov. 1st in the
"Circassian". It took me

a long time to make up my
mind, but now the decision
is made I trust in accordance
with the Lord's will. At least he
will continue to bless us in
the work. My Heart seems
quite to have recovered her
health so that I hope I shall
not have the same anxiety
as last winter. We had
some thoughts of commencing
in Nova Scotia, but have
nearly given it up for
the present, & shall probably
go direct to Albany &
from there to other places
to which we have invitations.
The letters which constantly
come from Albany are
most encouraging, the
Christians there have
been most warm &
helpful to others.

With you please give my
best thanks to Dr. Dutton
for the book he has so
kindly sent me, I have not
as yet been able to glance
through it, but I hope to
find the opportunity for
pleasely reading & I am
sure I shall be much
the gainer & find it very
useful for those who have
difficulties in the subject
treated I am very busy
preparing for departure &
also having some meetings,
together there is a large town
a few miles from London -
Trusting that all your
party are well & with kind
remembrances to all

I am yrs affectly
