

Mrs Mear

Dear Mr. Dandson,

Although my note
to-day is on business, I must
commence it, by congratulating
Mr. Dandson & yourself on the
birth of your grandson. I trust
that Mr. Harrington & the baby
are doing in every respect as
you wish. I had not a quite
satisfactory report, when I called
yesterday to enquire —

My business is with regard
to the Association & I wish to
go in preference to travelling
to Darton at this busy season -
Mr. Redpath has suggested
my asking whether Dr. Dutton
will object to our using a portion
of the fund devoted to Scientific
lectures, to make up our deficit -
with the understanding that
it is to be refunded, at a more
prosperous season - Mr. Redpath
thinks that calling on the
Committee may not be desirable.

8 Penns. Ladies being willing to act -
If you are able to spare the time for the
Committee meeting to-morrow or next
evening will be sufficient -
With very kind regards to my wife & best
wishes to Dr. Stoughton please give
from me
Truly yours
Mary Anne
