

Mrs. Garrison

you would rather see
me than I should see
you. I should like to
hear from you about
how you are getting on
at the college. I should
like to see you and
hear all the news. I
am sure you will be
very successful. I hope
you will be able to
finish your course in
time. I will be glad to
hear from you again.
I am your affectionate
friend,
John Doe

It it has been simply charming
I am looking forward to
having some bathing by
the middle of this month
at Kartakello if the weather
keeps as fine as it has been
Give Bob my love & keep
a large amount for your
self. as ever

Your loving Niece
Lina
