Cacouca.

Aug: 18th.

My very dear friend.

Only one line, (for I know you have not a minute to spare) to send a welcome to you, on your home return.

I want to ask you to command my help, in any, or every way in

which I can be useful
to you. I am very well
and strong, & I hope
all well, to be in
Montreal on Monday
Evening. Pray let me
do something, I would
not, I think, be in your
way.

I trust you have got a

Table-void.

I think of you to-day
and hope your journey
will not be unpleasant,
and trust Dr. Dawson is
somewhat better for his
short change to Metes.

I would take too
much time for you to
read, if I was to write
all that is in my heart-

To my dear friend for all
her love & kindness to me.

Thank you, expressed a
great debt, when under-
stood between friends.

I hope soon to see your
dear face again, with
much love to you & Dr
Dawson, ever

Yours affectionately
Grace Redpath.
